# ASTOUNDING LEGACY

## MAKING IT BIG EVERY STEP

Established in 1996 with the aim to manufacture best-in-globe plastic piping systems, we at Astral Pipes have revolutionised India's developing real estate fraternity with the unbeatable hallmark quality of innovative piping solutions. Advancing ahead of the technology curve, we replaced the primitive and ineffective plumbing techniques by introducing CPVC for the first time in India.

In 2014, we forayed into the adhesives category to manufacture Adhesives, Sealants, and Construction Chemicals. With world-class manufacturing facilities now in this business segment, we bolstered our presence in the bracket and made rapid inroads. In 2020, we further expanded our product portfolio to enter the Water Tanks category and paved our path for more.

The quest further has led us to take on the competitive industry of Faucets & Sanitaryware. With the zeal to change the dynamics of the industry, we, with our range of world-class quality products, will offer millions of houses an unparalleled experience.
